NEWS RELEASE

DPMS LR-243 Rifle
The Versatile Rifle Hunters Asked For!

Deer hunters and varmint hunters alike will appreciate the new rifle from DPMS, the LR-243. Chambered in .243 Winchester, this new rifle features a 416 stainless steel 20" heavy barrel with a 1x10 twist, a Panther Flash Hider and the reliability and accuracy DPMS rifles are known for. The extruded 6066-T6 aluminum A3-style flattop upper receiver, complete with a dust cover, a forward assist/shell deflector that has been machined as one unit, and a Picatinny rail for easy scope mounting all feature the hard coat anodizing and Teflon coating customary to all DPMS rifles. A ribbed, aluminum free float tube and a chromium plated steel bolt carrier complete the LR-243 upper assembly. The LR-243's lower assembly, built on the tack-driving LR-308 platform, features the hard coat anodized and Teflon coated black, milled 6061-T6 aluminum lower receiver with a semi-auto trigger, an integral trigger guard and an aluminum magazine release button. A standard Mil Spec A2 buttstock with a trap door assembly completes this new DPMS rifle. Additional specs include the rifle's weight when empty at 10.65 lbs and an overall length of 39.6".

Available now, the DPMS LR-243 (RFLR-243) retails for $1199.00.

DPMS is an industry leader in providing quality AR-style rifles, components and accessories. No other company offers more styles or configurations of AR rifles. DPMS also provides choices for high-power and small-bore shooters by offering several rifles chambered in .204 Ruger, .22LR, .223 Remington/5.56x45mm, 7.62x39mm, 6.8x43mm SPC, .243 Winchester, .308 Winchester, .260 Remington and .300 Remington SAUM.
